

POWERSCHOOL-

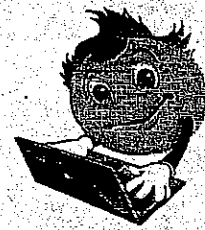

Each parent should create their own Parent Portal account in PowerSchool. Contact the school to receive your Access Id and Access Password. Please make sure email addresses are accurate. We will use them for future communications.

Once you have created your PowerSchool parent portal please log in to check if your student Emergency Card is up to date. If changes are necessary, print the Emergency Card write the changes on the card, sign it and return to school. Some things to check are:

- Emergency Contacts on the Emergency Card should be the people with permission to pick up your child when you are unable to.
- Emergency Telephone Number to be called by the District must be up to date.

WEBSITE/PUBLICITY Parental/Guardian Consent Form

This parental consent form is to provide you with information and request permission for your child's photo/image and personally identifiable information to be published on the district and/or school's website. It additionally allows for publication in legitimate newspapers or magazines for recognition and/or publicity purposes.

As you are aware, there are potential dangers associated with the posting of personally identifiable information on a web site since global access to the Internet does not allow us to control who may access such information. These dangers have always existed; however, we as schools do want to celebrate your child and his/her work. The law requires that we ask for your permission to use information about your child.

Pursuant to law, we will not release any personally identifiable information without prior written consent from you as parent or guardian. Personally identifiable information includes student names, photo or image, residential addresses, e-mail address, phone numbers and locations and times of class trips. If you, as the parent or guardian, wish to rescind this agreement, you may do so at any time in writing by sending a letter to the principal of your child's school and such rescission will take effect upon receipt by the school.

Check one of the following choices:
